Roses

All our stock are field grown and hardened by the weather. The prices, unless otherwise mentioned, are for two year old bushes strictly No. 1 stock, that will generously respond when planted.

It is an admitted fact by all nurserymen that the best rosebushes are grown on the Pacific Coast.

Our stock this fall is unusually good as the growing season was ideal, and we expect to send out better stock than ever.

In addition to our list, we will have a few novelties not catalogued and can supply only in limited numbers, this list will be mailed for the asking.

The following is our list with prices.

- ALLADIN** (Paul 1916. H. T.)—Coppery-Yellow; very fine color. Vigorous grower; fragrant\$1.50
- CHAS. K. DOUGLAS, H. T.**—Vigorous, upright growth, handsome foliage, mildew proof. Long, pointed buds of fine form. Color: bright velvet crimson, freely produced.....\$2.00
- CRIMSON CHAMPION** (Pierson 1919, H. T.)—Scarlet crimson; very large, cupped, extremely free.....\$1.50
- DOUBLE OPHELIA** (Hill 1918. H. T.)—Seedling from Ophelia; bright rose pink buds showing a glowing center\$1.50
- EVELYN** (Pierson 1918. H. T.)—Sport from Ophelia; soft pink yellow at base.....\$1.50
- FLAME OF FIRE** (H. T.)—This new rose may be described as a beautiful Orange Flame, in bud and formation quite similar to Mrs. Aaron Ward. The coloring is richer than Harriot and better stems. This rose should become very popular when known.....\$2.00
- GOLDEN OPHELIA** (Cant & Son)—A seedling from the Universal Ophelia, a new yellow that is destined to become very popular; (Spring only)\$2.50
- GRUSS AN AACHEN** (Geduldig H. Poly.)—Yellowish rose colored with salmon, pink and red shadings, erect, moderate growth, disease proof\$1.00
- GLADIUS HOLLAND** (McGreedy 1917.)—Buff shaded orange yellow; free, fragrant, strong stems\$1.50
- GLOIRIE de CHEDANE GUINOISSEAU** (H. P.)—Bright vermilion red, shaded velvety crimson; considered by many good judges superior to the Ulrich Brunner\$1.00
- GOLDEN EMBLEM** (McGreedy 1917, H. T.)—A perpetual flowering and budding, without a rival; in color and formation it surpasses Marsheneil. The coloring is wonderful; has a dark, glossy foliage, and the flower is carried on long, stout stems. We consider it one of the best new roses\$2.00
- IMOGEN** (Paul & Son, 1916. H. T.)—Center of flower orange yellow shading to yellow and pure white, beautifully formed buds.....\$1.25

- ISOBEL** (McGreedy, 1916. H. T.)—Splendid, new, single; intense carmine, shaded orange, flowers large and beautiful.....\$2.00
- IVORY** (T)—Pure ivory white, long buds borne on strong stems\$1.00
- JANET**—Yellow ochre tinged fawn, large, globular flowers with leathery foliage.....\$1.50
- K. OF K. KITCHENER OF KARTOUM** (H. T.)—A new, dazzling, semi-double rose of great beauty, very free blooming. This new rose made the best showing for us last year of any rose we have ever introduced.....\$2.00, \$2.50
- LADY PLYMOUTH** (T., Alex Dickson 1914.)—A distinct rose, pearly cream and old ivory, beautiful buds carried on erect stems has good foliage, free\$1.50
- LA MARIE** (D. P.)—Dwarf perpetual flowering Poly, semi-double flowers, bright salmon rose at edges, rosy blush inside. Blooms abundantly and continuously, good keeping qualities\$1.00
- LILLIAN MOORE** (H. Dickson, 1917, H. T.)—Flowers large and full; pure Indian yellow with slightly deeper center. Buds long and pointed. Awarded the grand prize at the P.-P. I. E.\$2.00
- LOS ANGELES** (Howard & Smith, 1917)—This new rose has taken the rose lovers by storm. This is the best new rose we have of its color. It is vigorous, good habits, free blooming, with splendid foliage. The color is flame pink, toned with coral shaded translucent gold. This rose is hardy and will live any place that roses grow. If in doubt what to plant, try Los Angeles\$1.50
- MAD. COLLETTE MARTINET** (Dutcher 1915, H. T.)—Long deep yellow buds opening to old gold, shaded with orange yellow. A vigorous grower with fine, healthy foliage, said to be a sunburst that does not fade in summer\$1.50
- MAD. MARCELL DELAINEY**—Winner of the Gold Medal at the Bagatelle Gardens; color hydrangea pink, borne on strong stems..\$1.50
- MISS LOLITA ARMOR** (Howard & Smith, H. T., 1920)—Said to be one of the greatest breakes by way of color ever seen in roses. The color is difficult to describe, but may be briefly described as follows: Chrome yellow at base, shading to burnt orange and copper. The reflex of the petals is chrome yellow at base, shading to bright salmon with brilliant copper suffusion. The flowers are of large size, full double with petals of great substance, and are delightfully fragrant. The plant is strong, vigorous grower, free flowering and said to be very hardy.....\$2.50
- MME. CHRISTINE MARTEL** (H. T.)—Enormous flowers, sulphery yellow with deep center\$1.50

- MRS. HULLEN** (Pernet-Ducher 1917, Pern.)—Cochineal shaded yellow; a gorgeous color\$1.50
- MRS. MAUD DAWSON** (H. T., A. Dickson & Sons, 1915)—Color brilliant orange-carmine, fine shape, with high pointed center, very sweetly perfumed, broad, handsome foliage, freely and continuously produced\$1.50
- MRS. FRANKLIN DENNISON**—Porcelain white veined primrose yellow, deepening to ochre\$1.25
- MRS. MONA HUNTING** (Dickson 1916, H. T.)—A free blooming rose with long pointed buds. Ecreu flushed salmon with yellow base\$1.50
- MRS. GLEN KIDSON** (H. T.)—Orange shaded rose\$1.50
- MRS. WAKEFIELD CHRISTIE MILLER** (H.T.)—Flowers distinct, petals wavy, not unlike a Paeony; large and remain perfect on bush a long time, produced freely; color bright pink with lighter shadings makes a fine massing\$1.25
- MRS. S. K. RINDGE** (Howard & Smith, 1920, H. T.)—This new yellow rose is said to rival Golden Emblem; the flowers are a magnificent deep golden yellow without any tints of copper; the buds are long and pointed and expand to a flower of immense size; as the petals age they become suffused with soft pink; the foliage is large, with a beautiful glossy texture.....\$2.50
- MRS. HENRY WINNETT** (Dunlap 1918, H. T.)—Bright shades of crimson; the finest of all red or crimsons; buds are long and well formed\$1.50
- NELLIE PARKER** (H. T.)—A beautiful rose of merit. Color rich, pale, creamy white shaded and flushed rose at base of petals.....\$1.50
- PREMIER** (Hill 1919, H. T.)—Deep rose; fragrant, free, with stiff stems and handsome foliage\$2.00
- ROSE MARIE** (Dorner 1918, H. T.)—A remarkable new pink rose from the introducer of Hoosier Beauty. Long pointed buds of an even rose-pink shade opening into large full flowers of good form. Produces very freely on long stems. A pink of outstanding merit\$1.50
- T. F. CROZIER** (H. Dickson 1918, H. T.)—Strong, vigorous growth; foliage handsome; mildew-proof. Flowers large, full, with high center; freely and continuously produced. Color, clear canary yellow. A rose of great beauty on good stem\$2.00

NEW CLIMBING ROSES

ROSE SPECIAL

At digging time some roses get mixed and the names are lost. If you want Good roses at a lesser price we will sell this kind or roses of our own selections at \$5.00 per doz. or 6 for \$3.00.

While we specialize in roses we also grow a general line of hardy nursery stock that is suitable to our climate.

We have old fruit trees transplanted that will give results, a select stock of berry and small fruits, extra choice transplanted two year old Logans, etc.

Evergreens and broad leafed flowering evergreens of our own growing.

Paeonies in many varieties both devided or clumps, they bloom before the roses and take very little care.

Iris, (the poor man's orchid). They require very little or no care, especially good for steep banks that wash.

YES—WE DO

Practical landscape designing and planting. If you have landscape problems let us help you solve them. Will call on you by appointment.

We guarantee our stock true to name, and to live and will replace free, any stock that proves otherwise, providing the stock had been given proper and judicious care and we are notified by July 1st.
